Subject re: Tidewater Baling

Hi Will,

your voice mail mostly broke up today; about the only words i caught were Meyer Shapiro, and Newark. if your talking about a will, it would be filed in Bergen County, NJ surrogates office; the decedent's last known residence. i'm somewhat tied up for the next few days, so check to see if Roy Coakley or one of the paralegals can follow up. I located the will, and it has been probated. You would need to coordinate with the Bergen County surrogate's office located at 10 Main St, Room 211, Hackensack, NJ for the ordering procedures, and payment procedures. I have no funds. There are 58 pages; the cost is \$174.00 for a plain copy , and \$ 295.00 for a certified copy - payable by certified check or money order. If you send a paralegal, perhaps they will take cash, perhaps not.

I got switched around, but located the correct phone number, and points of contact for you. then i got cut off. the phone number is 201-646-2252. The pocs are: Jennifer, Joanne, or Micky.

if you really need the document, my suggestion is to coordinate thru the above people regarding

plain or certified, confirm the cost, cut the monetary instrument, and have a paralegal pick up the document.

Best regards,

Rich
